

From the Meaning of the Human Acts to the Holy Ghost Covenant according to Raniero Cantalamessa

This work is concentrating on the development of the human's sanctity. It describes main elements of this process. The describes changes from the old style of living based on the Law in to the new style of living based on the love of Jesus Christ and human. It examines process of integration of human's will with a will of God through the Holy Ghost.

The scope of the text:

Theological life (God's and Man's love relation)

Body and Holy Ghost in spiritual theology

Christian sanctity

The mystery of the Cross
