### Confirmation

Dear Mrs. Baslová

I herewith confirm that Markus Zimmer prepared his doctoral thesis according to the agreed timetable. All research was done in perfect accordance to academic rules. The obligations towards the Faculty of Theology in Lucerne were completely fulfilled and every step was done in precise manner.

Besides Prof. David Eben I was second supervisor of thesis, which was prepared as a „cotutelle“ project. I accompanied Markus Zimmer in his studies, and as long as he lived in Switzerland there were regular discussions about specific questions and about milestones. The thesis subject is: „*The reception of the german dialect of the gregorian chant between 1900 and aprox. 1950*“.

I agree to the continuation of the process and to run the defensio.

Luzern, 26. April 2021
