

## **Abstract**

**Title:** Analysis of dog interventions at the Association of Rescue Brigades of Cynologists of the Czech Republic

**Objectives:** The aim of the diploma thesis is the analysis of dog interventions at the Association of Rescue Brigades of Cynologists of the Czech Republic. Another aim of the work is to summarize the history, current activities and involvement of the Union of Rescue Brigades of Cynologists of the Czech Republic within the IRS

**Methods:** Theoretical background was developed on the basis of searches of books and legislation. Using the method of content analysis, key terms are defined, which include IRS, IRS components, SZBK CR. The practical part of this diploma thesis is written by the method of descriptive statistics.

**Results:** The result of the work is a summary description of the Union of Rescue Brigades of Cynologists of the Czech Republic from its inception to the present, its operation and legislative authority. Numerical data of all interventions of the Union of Rescue Brigades of Cynologists of the Czech Republic for the period from 1 May 2016 to 31 December 2020 are written and evaluated. These data are supported by clear tables with exact numbers of interventions and its brief description.

**Keywords:** Analysis, intervention, rescue, dogs, training
