### QUESTIONS OF THE PRIEST LIFE AND PASTORATION DURING 1945–1948 IN THE LIGHT OF DOBRÝ PASTÝŘ MAGAZINE

#### The thesis

The aim of this thesis is to introduce a magazine titled DOBRÝ PASTÝŘ (A Good Priest) which had been published since 1945 to 1948. Its table of contents becomes the most important. My thesis is divided into four chapters. Preface presents a brief historic context of the era when the magazine was published and offers the view to the church situation in those times. The second chapter introduces the magazine at all, together with its editors. The third one expresses the meaning and contents of the magazine. Last of them brings the following problems: Children pastoration, Patient pastoration, Prisoners pastoration, Non – catholic pastoration, Help at the parish, Borderland pastoration, Press pastoration, Celibate, Abortions, Cremations, Catholic greetings. Dobrý Pastýř had been publishing for not whole 4 years. It belonged to those of magazines which were forbidden by communists in February 1948. The magazine was published with an ecclesiastic approval and got the following motto: „Sacred priests consecrate the nations. Sacred nations consecrate the world.“

Dobrý Pastýř had to be the leader that helped the priest in his life and work.
