VRANOV NAD DYJÍ PARISH TEAM (BACHELOR THESIS)

Vranov nad Dyjí Parish Team (FATYM) is a community of Catholic priests, deacons and other collaborators in the Brno diocese. It is based on joint management of several priests over a greater number of parishes. The team was created by decision of the Brno diocese bishop Mons. Vojtěch Cikrle in 1996. In addition to the fact that FATYM administrates conferred parishes, the team members try – using their specific charismas and abilities - to help out in different areas pastoral care in our country. Its activities include the parish's missions, the organization of pilgrimages on foot, Marian brotherhoods, press apostolate, Internet TV broadcasting, Pure Love Initiative, publishing “Milujte se!” (Love each other) magazine, etc. In this bachelor thesis I would like to closer outline these activities and evaluate this project.
