

Abstract of the diploma paper

Author: Bc. Zdeňka Švédová

PASTORAL CARE OF AT-RISK YOUTH IN SALESIANS YOUTH CENTRES IN THE CZECH REPUBLIC.

Presented paper deals with an implementation of salesian pastoral work with at-risk youth in the salesian youth centres in the Czech Republic.

It studies how way a youth centre responds to needs of the youth progress.

Term "pastoral work" is a starting-point of thesis. Author sees the sense of the term as all Church activities for salvation of the people.

The first part of the paper deals with the term "Pastoral", with disadvantages of contemporary children and youth, and with characters of salesian pastoral work.

In the following part the author presents salesian works, especially youth centres for at-risk youth.

A qualitative research is presented in the last part. It is analysis of the interviews with the youthworkers.

Finally author evaluates the results of the analysis of the pastoral work in the youth centres.
