

Annotation  
French in Czech republic

The work is divided into two parts. The first part presents the French emigrants abroad and in the Czech Republic. It also presents the Czech emigrants in France. This part outlines the history of Czech-French relations. It describes the French group in the Czech Republic from the demographic and social point of view and in the background of the Czech society.

In the other part I focus on research. Based on the results of several interviews the second part analyses and interprets some particular themes. The themes are concerning cultural and social life of the French who live in the Czech Republic and give testimony about it.
