Miraculous Pictures Of Virgin Mary In Silesia

The aim of my bachelor work was to summarize literature to Marian cult in the area of Czech Silesia. The first part deals with historical definitiv the area of Czech Silesia, then Marian cult in the Middle-Age and the New-Age aimed at personalities of painting creation. Then is concentrated on origin of miraculous and tributed pictures of Virgin Mary from legend and factual point of view. Most of pictures is connected with late gothic period till the end of baroque period. The work compiles the Czech literature connected with pilgrimages and tributed pictures. Through this it is catalogue of the best known pictures in the area of Czech Silesia. But it is not total view, because there are another small localities which have special cult places not yet discovered but with interesting fates.
