

## **Annotation**

The main subject of the thesis was to create epigraphic catalogue of the Jewish cemetery in Kožlany, as one of the basis to the further knowledge of the Jewish settlement of studied region. The first part is devoted to methodological approaches and solutions of the documentation process of Jewish epigraphic heritage on which the terrain research and the subsequent evaluation has been carried out. The second part provides a summary of documentation and the third part presents evaluation of the data obtained, which is based on the epigraphic catalogue. The final part of the thesis is devoted to the history of selected Jewish families, whose members were buried at the cemetery in Kožlany.
