

Abstract

Pastoral care of psychotic patients

The thesis deals with the pastoral care for psychotic people. Psychotic diseases are characterized in general and some of them separately. The thesis deals with the pastoral care principles in general and specifically for the ill. Knowledge is applied and specifics of the pastoral care for the psychotic people are formulated in the thesis. Professional literature is evaluated in the first chapter. The second chapter deals with a disease and the pastoral care. Particular psychotic diseases are described in the third chapter, such as schizophrenia, delusion disorder, schizoaffective disorder, psychotic obsession, psychotic depression, bipolar disorder. Drug abuse psychoses and psychotic disorders as a result of a somatic disease are also listed in that chapter. The pastoral care for the ill is specified in the fourth chapter.
