Title: The analysis of experience and knowledge of evangelisation achieved by members of Emmanuel community

Thesis leader: PhDr. ThLic. Ing. Jaroslav Filka

Numbers of pages: 93

Numbers of attachments: 1

Numbers of cited sources: 43

Keywords: theology
 evangelization
 Emmanuel community
 new movements and communities
 spiritual renewal

The dissertation presents the reasons of evangelization and explains principles of it. By the method of qualitative research it describes the social structure and spiritual specialization of members of the Emmanuel community and their experience with evangelisation. On the basis of the analysis of those findings it defines major influences for the successful evangelization. It creates sources for the next pastoral effort in this field.
