

**Abstract:**

Aim of this thesis is to understand the meaning of word counterrevolution. It does so by analyzing and interpreting modern and traditional thought, focusing namely on social dynamics and also analyzing authors, who belong to traditional wave of thought. They are authors who directly interpreted French revolution and then authors who continued their work. Question about legitimacy of counterrevolution and about counterrevolution per se will be raised.

**Keywords:**

counter-revolution, revolution, order, conservatism, legitimacy
