

Abstract

This bachelor thesis deals with the program of the Eastern Partnership. First of all thesis examines the European Neighbourhood Policy from the moment of commencement until the consequences and limits of the policy. After that thesis focuses on the very program of the Eastern Partnership as the eastern dimension of the European Neighbourhood Policy. At this point thesis inspects the commencement of the program, its tools, and of course, its results as well as failures. In the third part thesis concentrates on the foreign policy of the Czech republic in relation to the Eastern Partnership as its priority. Firstly, the focus is devoted to participants of czech foreign policy, after that, thesis focuses on the role of the Czech republic initiative of the Eastern Partnership and to finish with examination of activities which are conducted by the Czech republic in the Eastern Partnership.
